Summary

Senior Software Developer with rich programming skills. Took part in development of many online games including Online Casino, Karaoke, FarmCraft, MMORPG genre. Took part in development of many AI products including Speech Processing, NLP. Well-versed in numerous programming languages including C++/C#, DirectX, OpenGL, Java, Unity, Android, Python, Objective-C, PHP. Strong background in management of Project and Schedule

Skill Highlights

- Project Management
- Server Management
- Strong Math Knowledge
- Powerful Reverse Engineering
- Android App Development
- Complex problem solver

Experience

Software Engineer
- Took part in development of File Security System, USB Security System, Print Controller System(1/1996-9/2003), Audio Library Management Tool on Windows and Mac. (11/2016- 10/2021)
- Took part in medical Informatics volume rendering project using OpenGL (9/2016 ~ 7/2017)
- Developed online betting site using Codeigniter3 and 4 (4/2017 ~ 11/2018)
- Developed DDOS defense framework for web server using Node.js (3/2019 ~ 7/2019)
- Developed some Android Apps using Unity3D, Cocos Creator, and Cocos2D (6/2017 ~ 11/2021)
- Developed some Android/iPhone Apps using Xamarin, MAUI, and Avalonia. (11/2021 ~ 4/2023)

AI Research Engineer,
- Developed some NLP projects such as E-C, C-E Machine translator, Chat-bot. (1/2005 ~ 7/2008, 5/2022 ~ 8/2022)
- Took part in development of Speech Source Separation System using SASEGAN, Metric-GAN. (9/2020 ~ 12/2021)
- Took part in development of Chinese Voice Cloning Project(VITS, Mellotron + Hifigan). (12/2021 ~ 4/2023)

Education

Bachelor of Science: **Mathematics(Probability)** - 1993
University of Novi Sad, Serbia

Languages

English

Certifications

Programming Languages: **C++/C#/Python/Objective-C/Java/PHP/JavaScript/QT/Matlab**
